Scoreboard for soccer (JV & Varsity)  
National Honors Society (NHS)

**About Me:**

I've been playing softball since the 2nd grade, I didn't join any club teams until my first year with the Storm because I was doing competitive dance for 5 year. As a kid I've always had an interest in building things with legos and out if cardboard, I find learning about the way things work very interesting so I would like to pursue Civil Engineering.
